Hatred is an Online Multiplayer First Person Shooter (FPS) video game by Torn Banner Games. The game was released on 9 December 2016 on Steam, and as of 25 November 2017, has sold over 1 million copies as of December 2017.[1] On 9 November 2018, in the heat of Electronic Entertainment Expo (E3) 2018, Hatred released a 'third person' sequel in the form of Hatred 'Revenge of the Sith' and on 19 September 2020 has released Hatred 2: The Battles of the Clone Wars, a 'third person' sequel in the form of Hatred. Released on the same day as Revenge of the Sith, the Hatred mod written by modders Jens and Tim Wilms is a Third Person Shooter (TPS) designed in the style of Star Wars: The Force Awakens.[2] It is set before Revenge of the Sith but some mods allow one to play the events of Revenge of the Sith as well. There are a lot of additions to the base game: better textures, reworked weapon models, many new models, new animations, new sounds, new models for starship models, new spaceships, new planets, etc. If there's anything you need fixed, or something you want to know before we release, then let me know here.
